☞

Course Hours per Week: Class, 3. Semester Hours Credit, 3.

## LEARNING OUTCOMES:

Upon completing requirements for this course, the student will be able to:

1. Evaluate his/her own health attitudes and behaviors to determine their effects on his/her present and future life.
2. Appraise the significant inter-relationship of the social, mental, emotional, spiritual, and physical components of health, as well as socioeconomic status and culture and the implication toward one's quality/quantity of life.
3. Identify his/her involvement in the health practices of others (in relationship to family, peers, communities and the world).
